

FRIENDS OF INDIANA DUNES, INC.

25th Annual Native Plant Sale - Orders Only

Saturday, April 24, 2021 at your scheduled Curbside Pick-up Time between 8 am - 1 pm

Friends of Indiana Dunes Office located at 1000 W Oak Hill Road in Porter, IN
(NW corner of Oak Hill and Mineral Springs Roads GPS coordinates 41.629814 – 87.087099)

All plants, shrubs, and trees are offered as well established potted plants. Almost all plants listed are species native to Lake, Porter and/or LaPorte counties in NW Indiana, but are not of local genotypes, as those are not commercially available. Species that are not native to our three county region are marked with an asterisk (*) but occur within areas close to our region. Every effort has been made to keep our prices low. Plant availability can not be guaranteed. Vendor: Possibility Place Nursery, Monee, IL

Please Note: ORDERS MUST BE RECEIVED BY April 10, 2021
Curbside Pick-up will be scheduled for Saturday, April 24, 2021

Due to the continued Covid restrictions, this year's sale will be Orders Only which must be received by the above deadline. Please select a preferred curbside pick-up time. All customers will be contacted to confirm their time of pick-up. Thank You!!

Pot Size Key: pt - pint
Qt - quart
5gal - 5 gallon
1gal - 1 gallon

W Wet - Soggy or marshy most of the year.
WM Wet Mesic - Consistently quite moist most of the year.
M Mesic - Comparable to average medium moist garden soil.
DM Dry Mesic - Medium dry, well drained but retaining some moisture.
D Dry - Well drained sandy soil.
